         -electronic agenda
         -Notification/reminders when conference re-commences

         -sponsor logos
         -networking driver
         *Pricing – leveraging Coastal Plains conference, price of $2100 was negotiated down to $1700 including sponsorship designation
         -(Julika & Christina Question) concern about 1-time use for the price; develop custom app?
FLORIDA SECTION BOARD MEETING MINUTES

-(Christina A Question) price comparison – not actual quotes but others were in the same ballpark
-(Manitia) – Since TEC prints programs, the cost savings is minimized
-(Joe A) some concern about app benefit given the relatively small size of conference and only 1 track of sessions (not multiple tracks to select)
-(Julika) – Is there a value to the app for those not necessarily attending the conf? SK-May be able to leverage some value in that respect.
-(Joe A) – If we go with the app, the maybe TEC could be a sponsor (not in-kind) in lieu of printing; BTB will pursue possibility for TEC sponsorship
-(Julika) – contingency if CP Chapter does not move forward.
-(Joe B) – Motion to approve an email vote with information on budget from Liz; then more discussion
-(Kurt) – Can we wait to see how the app works at the Chapter meeting? (SK) no, price is contingent on purchase for both events. Can do it that way but the cost would be higher for both events.
-(Manitia) – Will see what Chapter and budget looks like and then email vote on this.
-(Manitia) –do we get photos from the app at the end for our section web page? (SK) do not know.
